

We're looking for projects that meet a clearly identified need and take the charity's work to a new level, boosting their ability to make a difference to beneficiaries.

Our grants will either:

- Support new initiatives that have proved their value and are ready to be taken to the next level – whether that's by expanding their reach, extending their impact or taking them in a new direction; or
- Help bring the best new ideas to fruition by supporting potentially game-changing projects with a strong business case behind them. Charities must be able to demonstrate success in a related area.

Applications can be submitted only online and up until 23:59 on Friday 28 July 2023

Before you submit online, you may want to print a blank form to make notes within your charity on which to draft your entry. However, please note we do not accept paper applications forms and the application must be submitted online.

Partially completed applications can only be saved once you have entered all your contact details.

Be sure to also read our application guide containing useful information about the assessment criteria and how each application will be scored.

For any detailed questions not answered by the form or within our help text, please contact our partner Charities Trust on **0151 318 0969** or **benefactgroup@charitiestrust.org** between 9am and 5pm Monday to Friday.
